Internship Announcement – Spring 2023

Antelope Island State Park

State of Utah / Department of Natural Resources / Division of Parks

Interpretation Internship Opportunities:

Program Development & Implementation:

Individuals will be responsible for developing interpretive programs / talks and delivering them to the public.

Podcast Development:

This individual will be tasked with recording and publishing a monthly podcast. The episodes will be brief (10-15 minutes) and will supplement the radio station the park currently uses to deliver information to park visitors about events and current conditions.

Wildlife Survey:

This individual will be tasked with surveying and recording porcupine populations in an up to 3 square mile area. Hiking in inclement weather over uneven terrain is required.

Written Resource Editor:

This individual will be required to create, update and improve written material. This may include improving the park website, resource guides, field trip tours, brochures, etc.

To apply, please send a cover letter and project proposal to tackley@utah.gov.

Please call (801) 721-9569 or email with any questions.
